AGING IN COMMUNITY: LESSONS LEARNED THROUGH THE RESILIENCE OF LGBTQ ADULTS

with Karen Fredriksen Goldsen, Ph.D. | Presented by 2Life.

Thursday, June 17 • Virtual Presentation at 6:00 p.m. • Register by 4:30 p.m.

Dr. Karen Fredriksen Goldsen

Most older LGBTQ adults came of age in a society that didn't see or accept them. As a result, it took courage to flourish. Dr. Karen Fredriksen Goldsen joins us to share the valuable lessons of resilience uncovered by her landmark research on LGBTQ elders. During the event, she'll shine a light on how the care and connection of community can empower us to overcome the challenges we face as individuals.

Karen Fredriksen Goldsen, Ph.D., is Professor and Director of Healthy Generations Hartford Center of Excellence at the University of Washington. She is a nationally and internationally recognized scholar, author, and PBS Next Avenue Influencer in Aging.

We'll send you a secure link to the presentation and instructions on how to join.
