

Every child deserves the chance to laugh, heal, grow and dream without limits. On Lurie Children's Day, our community comes together to celebrate the incredible kids and families at Lurie Children's—and to support the caregivers, researchers and programs helping children thrive every day.

Today, people across Chicagoland will rally around kids through fundraising, acts of kindness and moments of celebration big and small.

Together, we can remind every child and family at Lurie Children's that an entire community is standing beside them.

Because when we come together for kids, there's no limit to the hope, healing and joy we can create.
